I have the honor to submit herewith for the orders of Government copy of Resolution No.12 of the City Municipal Council, dated 7th June 1919 to the effect that a recommendation be made to Government for the opening of a Dispensary in Mavalli.

Mr.M.Subbiah, Municipal Councillor of the VI Division, Bangalore City, brought to the notice of the Council the great disability to which sick patients in his Division are subjected by being forced to go long distances either to the Victoria Hospital or to the Basavangudi Dispensary for treatment. The Health Officer, whose opinion was invited in the matter, makes out a strong case for the opening of a Dispensary in this part of the City. Copy of his Memo No.1965 dated 19th May 1919 on the subject is forwarded for information.

I solicit early orders of Government in the matter.

Referring to Mr.M.Subbaiyya's letter dated the 20th ultimo suggesting the desirability of having a Dispensary in Mavalli addressed to the President, Municipal Council and referred to the undersigned for opinion has the honour to state as follows:-

The 6th Division forms the eastern part of the Bangalore City and is one of the most unhealthy and Malarial tracts.

The average infantile mortality for the last five years from 1913-17 is 224.1 for every 1000 births registered, while the average for the whole City during the above period is only 225.3. The results of the Malarial Survey recently conducted in this part of the City indicate the ~~the~~ splenic index to be 25.75% in the 6th Division, 25% in the 5th Division while it is only 5% in the 2nd, and 2% in the 4th Division.

As per statistics of the census report of 1911, the Division consists of 1580 houses with a population of 7723 who mainly form cooly classes, artisans and other poor labourers. Deaths from Malaria, taking the ratio for the last 5 years, is 6.3 of the total population, while the ratio for the whole City in only 3.5.

The absolute births taking the average for the past 5 years is 232 per annum of which 8 were conducted by Municipal Midwives, 14 in the Maternity Hospital and the rest by the indigenous Dais or barber Midwives. The absolute number of deaths under 1 year was 52.

In the course of a rough Census which was held between the 26th and 28th Ultimo to ascertain the extent of sickness prevalent in Mavalli and adjacent localities of the 6th Division it was found that in all 123 persons had been suffering. The patients may be classfied as follow:-

Malarial fever	.. ..	118
Itch	.. ..	2
Ulcer	.. ..	1
Dropsy	.. ..	1
Diarrihoea	.. ..	1

All the above are cases fit to be treated in a Dispensary.

Taking Mavalli as the centre, the nearest Dispensary for these inhabitants is either the Ganigarpet Dispensary at a distance of about a mile and a quarter, Basavangudy, mile and a half and the Victoria Hospital over a mile. The above circumstances, viz, the distance from the aforesaid Dispensaries and the unhealthy condition of the place as evidenced by the high infantile mortality and splenic index as compared with the rest of the City point to the necessity of having a dispensary opened in the immediate future with a duly qualified Midwife attached to the above Institute to give medical relief to expectant mothers.

This will not only alleviate the sufferings of the people resident in the locality but will relieve the pressure now felt by other Dispensaries.

Apart from the question of Medical relief, the location of a Hospital here will be a measure of great utility and an instrument for the education of the people and as the means of reconciling them to modern methods of disease prevention.

Health Officer.

~~Dept~~, Bangalore.

Sir,

With reference to your letter No. G. 1291-Med. 4-19-3, dated the 17th July 1919, I have the honor to state that the necessity for opening a dispensary at Mavalli is very great.

The cost of such a dispensary, excluding the cost of a building will be,

Particulars.	State Funds.	Municipal Funds.
Initial equipment.		
Europe medicines, instruments and appliances --	1,000	
Bedding, clothing, furniture		500
Total	1000	500
Maintenance, monthly recurring charges.
